

Sodalis Senior Living Announces Updated COVID Protocols

Due to the rise in COVID cases across Florida we have decided to implement new COVID protocols to protect the lives of our residents. What can you expect?

- We are now conducting weekly RAPID tests on all visitors to any Sodalis Community. We are currently seeing positive COVID cases among individuals who have been vaccinated. In an effort to keep our staff and residents safe we are adding this safety measure.
- All staff will wear N95's or K95's. Any resident going to Doctor's appointments will be given a K95 to wear.
- Sodalis will continue to conduct tours, but tours must have a negative RAPID test before entering.
- All visitors will be required to wear a surgical mask. No cloth masks.
